

The Dakotas (North Dakota and South Dakota)

The Actor/Directors went above and beyond the call of duty. They were professional, warm, direct, and enchanting. It was an incredibly successful experience. Thank You! This was the one time that our children have been in a production. The positive experience that your directors provided has made a huge impact in their lives.
Corsica, SD

Since I started MCT in our town, our theatre department in the High School has grown. The children have become so aware of how much “fun” the performing arts can be. I am so thrilled with the success of the program.
