*The Fisherman And His Wife* was a great success in Kennett Square, and Erin and Mitchell were wonderful representatives of the company during the five-day residency at Longwood Gardens. We heard nothing but great compliments from parents and family members of the performers as they left the theatre, and overheard others saying that they hope their children might be interested next year. Both Erin and Mitchell were such cheerful and considerate leaders and the work they did with the children was carefully planned and carried out. They worked very well with the four assistant directors, who really felt like they learned a lot and were of real value to the production. It was a great pleasure to have Erin and Mitchell in our community and we do hope to hear from them in the future.

We love MCT! You have made it possible for us to continue reaching out to all children in these days of lessened volunteerism and heavy scheduling with the community spirit we have treasured for our 71 years as Dramalites!

I can't say enough positive things about MCT. The children get so much out of it! It's so rewarding to see kids on the way to their cars (with parents, of course) singing new songs and having a big grin on their faces after practice. They become so close that week. On a personal note, this is my daughter's fourth year with MCT. Because of your program she has discovered she loves acting. She now auditions for summer theatre. I'm so thankful MCT exists and Millbrook Playhouse brought it to our community. Keep up the wonderful work!

Your program continues to amaze me. The community has embraced the concept and many parents "begged" us to have you every year – I agree.

They were great with the children from the audition through both performances. The parents really appreciated their effort.

I just wanted to say how wonderful the experience was for my 6-½ year old daughter this year. She participated in *The Frog Prince* in North Kingstown, RI, in late August. The two directors were brilliant – working so very well with the kids. The performance was more than just a chance to see "my kid" on the stage – it was a truly enjoyable performance. My daughter told me afterward that she was sitting backstage in the wings when not onstage. We never heard a peep! All the actors spoke clearly, the singing was great – again good diction and strong voices. What fun. My daughter can't wait till next year. Thank you so much.

The MCT experience brought a different element to our character development program here at Menands. We work extensively toward respect and responsibility in the classroom and feel the MCT theatre experience extended those social skills beyond the classroom setting.

I remember stopping for an ice cream cone a month after MCT visited. A number of young people were there at the stand from the theater camp...they broke out into songs from the show.
